Join the Forward Together and Moral Monday Movement for a March and Rally for Voting Rights.

On July 13, the Federal Court begins the trial of the historic lawsuit, **N.C. NAACP v. McCrory**, the voting rights case against Governor McCrory and North Carolina's voter suppression law.

This law is the first and the worst since the **Shelby v. Holder** decision, which gutted the Voting Rights Act of 1965, and the outcome will impact voting rights across the nation. This law represents the extremist agenda of Gov. McCrory, former Speaker of the House Tillis, and Senate Leader Berger.

Join us for a day of teach-ins and activities that culminates in a March for Voting Rights through downtown Winston-Salem, just like they marched through Selma 50 years ago. *We will not surrender the most fundamental right of a democracy: the unabridged right to vote.*
