

Are you willing to pay **more** taxes
so millionaires can get a tax **cut**?

Nope. Me neither.

Mitt Romney proposes to **make permanent** all the Bush tax cuts for the richest 2%, **slash their income tax rates by another 20%**, and **eliminate** or reduce tax expenditures **while raising taxes on middle-class Americans!** The **richest Americans** would end up with a **huge tax break**. In fact, **Romney's tax plan would give his wealthy donors who make over \$1 million a year a \$250,000 tax break.** These donors who give the maximum campaign contribution of \$2,500 would get a 100 to 1 return on their investment if Romney is elected and implements his tax plan.

Wouldn't you love to tell these millionaire donors what they can do with their \$250,000?

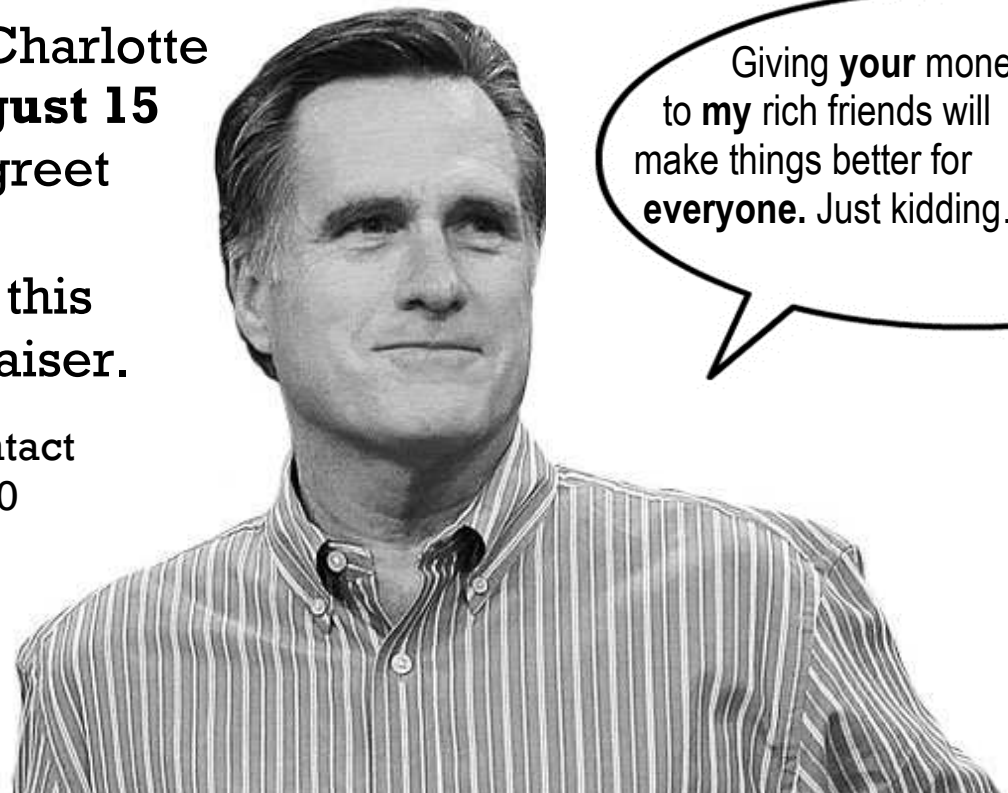

Yea, I thought you might.

It just so happens that Romney is having a fundraiser right here in Charlotte. This week! How convenient.

Join us at **Duke Mansion**
400 Hermitage Rd., Charlotte
on **Wednesday, August 15**
at **12:30pm** to help greet
Mr. Romney and the
millionaire guests of this
invitation-only fundraiser.
