WHAT IS SOLIDARITY CITY?

50 years ago, sharecroppers and other workers organized in Mississippi during Freedom Summer. In 1968, Dr. Martin Luther King Jr launched the Poor People's Campaign. Thousands of workers and poor people descended on Washington DC for "Resurrection City," to fight for an end to poverty. On August 9, 2014, fast food workers, farm workers, healthcare workers and others from across the South will unite again at Solidarity City in Goldsboro, NC. We demand jobs and freedom, \$15 and a union now!
