

OPPOSE

SUPREME COURT NOMINEE

BRETT KAVANAUGH

PRESIDENT TRUMP'S SUPREME COURT NOMINEE HAS A HISTORY OF SIDING WITH GREEDY CORPORATIONS over working people and consumers. Supreme Court justices should protect the rights of all Americans, not just the wealthy and powerful.

If Brett Kavanaugh is confirmed, we can expect:

- More rulings weakening unions and the ability of working people to negotiate together, like *Janus v. AFSCME*;
- More rulings allowing billionaires and large, greedy corporations to dominate our politics, like *Citizens United v. FEC*; and
- More rulings that put working people's health care at risk, like *NFIB v. Sebelius*.

The Supreme Court needs moderate justices who make rulings on a case-by-case basis, not another justice following a corporate agenda. We cannot afford to confirm Brett Kavanaugh to a lifetime appointment.
